**Sub: Call General Body Meeting for Nomination of Women Advocates as
Executive Members.**

Respected Sir

I am writing this letter to bring to your kind attention that the present Executive Committee is constituted without any lady representation from the bar. Though altogether 11 lady lawyers contested for the post of member executive, no one could be elected to the post.

Therefore there is no representation of lady lawyers in the executive committee. This state of affairs is contrary to the constitutional spirit as well as gender justice. This requires a positive effort to provide a proportionate representation for the lady lawyers.

The core objectives of the Supreme Court Bar Association include safeguarding the interests, privileges, and welfare of its members. However, the absence of female representation in the executive committee severely hampers our ability to address issues uniquely experienced by Women Advocates. Our esteemed Association cannot fully serve its purpose without an inclusive representation that understands the concerns of all its members.

Constitutional mandates, such as Article 243D and 243T, underscore the significance of women's participation and representation in decision-making bodies. Additionally, various statutes, such as the Companies Act, 2013 and the Consumer Protection Act, 2019, emphasize the importance of women's involvement in leadership roles. These principles should extend to our association as well.

2

We urge your thoughtful consideration to amend the Supreme Court Bar Association rules and regulations to ensure that at least two positions for female executive members. This amendment would not only address the gender imbalance within the committee but also set precedence for other bar association to follow. We propose that the two female candidates who had received the highest number of votes in the last Supreme Court Bar Association election be nominated as executive members.

By taking this step, the Supreme Court Bar Association can lead by example and create a more equitable and inclusive environment for all its members. Your action will not only align with constitutional values but also contribute to the overall growth and development of our esteemed association.

Thanking you for your time and consideration.

Sincerely,
